Assize Trumpeters.
Assize trumpeters, like men of other callings, have their records, of which they have good reason to be proud. The most famous of them, says the Liverpool Post, has probably been Harry Rowe of Nottingham. Rowe was born in 1728 and was for a time trumpeter in the Duke of Kingston's light horse, in which capacity he took part in the fight at Culloden. After his military service was over Rowe settled in York and had the good fortune to be chosen as trumpeter to the high sheriff of that county, in which office he served for forty years. When he died, in 1800, the following was his epitaph: "Here lies the body of Harry Rowe, who for the space of forty years held the office of chief trumpeter to the high sheriffs of Yorkshire. During his whole lifetime he was never known to give a blast that tended to the dishonor of his king and his country, his favorite airs being 'God Save the King' and 'Rule, Britannia!'"

Diminutive Aztecs.
The feminine direct descendants of the famous Aztecs are tiny creatures, exquisitely formed and refined in feature. They carry the head with the upbearing grace of the full blooded Indian; their skins are not red, but a clear, smooth copper color that shines like gold in the sun; their hair is coarse and black as ebony, and they are decorated with bright feathers and gay ornaments. These women make the most wonderful pottery that comes to us from Mexico, for they have kept the old Aztec forms and decorations in their art, and they also weave wonderful baskets and do exquisite embroidery.

Order.
Order is a lovely nymph, the child of beauty and wisdom; her attendants are comfort, neatness and activity; her abode is the valley of happiness; she is always to be found when sought for, and never appears so lovely as when compared with her opponent, disorder. —Johnson.

Teaching the Teacher.
Mother (whose children have had an education superior to her own, to her small daughter, whom she is in the act of smacking)—"I'll learn you not to contradict me! Small Daughter (between her sobs)—Teach, mother, teach.—Punch.

Relations Became Strained.
Mrs. Ambish—I often tell my husband I wish he had more "get up and get" about him. Mrs. Jellers—Indeed? I've often heard that he gets up and gets his own breakfast.—Chicago Tribune.

A lazy man is as useless as a dead man and takes up more room.—Hubbard.

\$8.50 PUNCTURE-PROOF TIRES ONLY \$4.80

Regular Price \$8.50 per pair. To introduce **4.80** We will sell you a Sample Pair for Only (CASH WITH ORDER \$4.55) NO MORE TROUBLE FROM PUNCTURES.

Result of 15 years experience in tire making. No danger from THORNS, CACTUS, PINS, NAILS, TACKS or GLASS. Serious punctures, like intentional knife cuts, can be vulcanized like any other tire. Two Hundred Thousand pairs now in actual use. Over Seventy-five Thousand pairs sold last year.

DESCRIPTION: Made in all sizes. It is lively and easy riding, very durable and lined inside with a special quality of rubber, which never becomes porous and which closes up small punctures without allowing the air to escape. We have hundreds of letters from satisfied customers stating that their tires have only been pumped up once or twice in a whole season. They weigh no more than an ordinary tire, the puncture resisting qualities being given by several layers of thin, specially prepared fabric on the tread. That "Holding Back" sensation commonly felt when riding on asphalt or soft roads is overcome by the patent "Basket Weave" tread which prevents all air from being squeezed out between the tire and the road. The tread is made of a special rubber compound that is 25% softer than ordinary rubber. The regular price of these tires is \$8.50 per pair, but for advertising purposes we are making a special factory price to the rider. You do not pay a cent until you have examined and found them strictly as represented. We will allow a cash discount of 5 percent (thereby making the price \$4.55 per pair) if you send plated brass hand pump and two Sampson metal puncture closers on full paid orders (these metal puncture closers to be used in case of intentional knife cuts or heavy gashes). Tires to be returned at OUR expense if for any reason they are not satisfactory on examination. We are perfectly reliable and money sent to us is as safe as in a bank. Ask your Postmaster, Banker, Express or Freight Agent or the Editor of this paper about us. If you order a pair of these tires, you will find that they will ride easier, run faster, wear better, last longer and look finer than any tire you have ever used or seen at any price. We know that you will be so well pleased order at once, hence this remarkable tire offer.

COASTER-BRAKES, everything in the bicycle line are sold by us at half the usual prices charged by dealers and repair men. Write for our big SUNDRY catalogue. **DO NOT WAIT** but write us a postal today. **DO NOT THINK OF BUYING** a wonderful offer we are making. It only costs a postal to learn everything. Write it NOW.
